

DID YOU KNOW?

Chappel viaduct has 32 arches, it is 320 metres long and 23 metres high. It is made of over 7 million bricks - that's a lot!

In 1405, Bures was terrorised by a mythical dragon. To celebrate the Queen's Jubilee, a chalk dragon was carved into the land.

SPLAT WORD VIADUCT
WHICH TRAIN BLUE

YOUNG EXPLORERS ACTIVITY BOOK

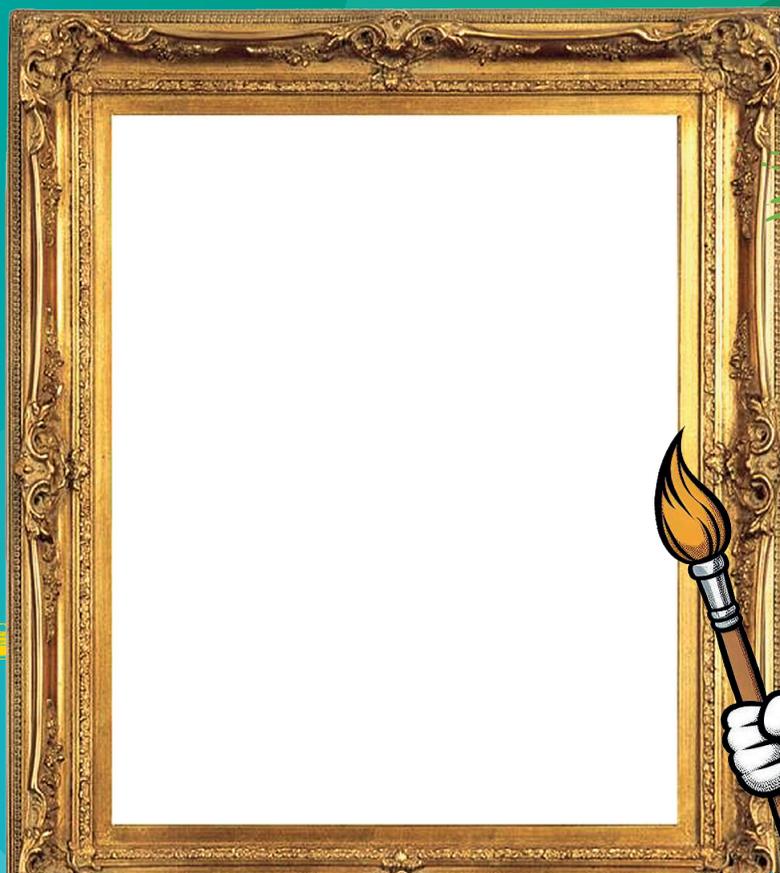

Darcy the Dalmatian pops up at every station on the Gainsborough Line. Can you spot every one?

DID YOU KNOW?

Thomas Gainsborough was a famous portrait and landscape painter who lived in Sudbury (you can even visit his house). Can you draw a picture of the person you are travelling with, or something you can see out of the window in the frame below.

HAVE YOU SPOTTED DARCY?

- SUDBURY
- BURES
- CHAPPEL & WAKES COLNE
- MARKS TEY

Darcy is a very messy painter. Each paint splat has a letter. Can you find the word?

Hint: You will see it on your journey

Dodie Smith, the author of 101 Dalmatians lived very near to Sudbury. She even wrote the church into the book.

Bures is in two counties. You can stand with a foot in Essex and a foot in Suffolk.

How do you count cows? With a cow-culator!

Cows graze on the water meadows in Sudbury during summer. They have done so for 800 years!

What kind of train can't stop sneezing? Achoo choo train!

The East Anglian Railway Museum began in the 1980s. You can meet Thomas the Tank and his friends here on special days throughout the year and there are lots of other steam trains to see too!

Mute swans live on the common lands in Sudbury. Did you know that a male swan is called a cob and the female is a pen. You might see their huge nests on the river. Remember if they have eggs or chicks to leave them alone.

You might see lots of sheep in the fields from the train. Sudbury was famous for its weaving a long time ago, so sheep were important for wool. Can you count each one you see? Don't fall asleep though!
